

TABLE 2: INITIAL REPORTS DATA

The table lists States Parties' responses to questions from publicly available Initial Reports submitted prior to 1 February 2019. The questions are separated into six thematic sections representing the main topics contained within the Arms Trade Treaty. State responses are denoted by check marks (✓), X's, and dashes. Check marks represent "yes" responses, X's represent "no" responses, and dashes represent when a State did not provide a response to a given question. Plus signs (+) in the table represent special situations, either where a state has referenced relevant legislation for requested information in its Initial Report but has not provided it directly, or where information has been discussed but not defined by the State Party. Information reflects what states self-reported and was not independently verified. The list of states represents those required to submit an Initial Report by 1 February 2019.

A black and white photograph of the USS Curtis Wilbur (DDG 105) at sea, launching a Harpoon missile. The missile is seen in mid-air, trailing a large plume of white smoke and a smaller trail of white smoke. The ship is visible in the lower right, with its radar masts and superstructure. The sea is dark and the sky is overcast with grey clouds.
