

MEXICO

Was an Annual Report submitted by 31 May 2017?	No
Was the report made public?	Yes
Was a nil report submitted for exports or imports in 2016?	Yes (for exports)
Was data withheld for 'commercial sensitivity/national security-related' reasons?	No

Good practice:

Mexico provided clear and disaggregated data for each reported import in 2016.

Mexico provided descriptions of items and comments on the transfers for each reported import in 2016, clarifying the end user in each case.

Room for improvement:

Mexico did not report any imports under voluntary national categories, such as ammunition.
