Good practices:

Peru submitted its first ATT Annual Report.

Peru provided clear, disaggregated data for all reported imports in 2017.

Peru provided descriptions for most, but not all, SALW imports in 2017, as well as details of small arms imported listed under the category 'Others', mainly in the form of both Authorized and Actual Numbers of items with some values and descriptions included.

Room for improvement:

Peru went back and forth in reporting Actual Numbers and Authorized numbers within the same sub-categories of SALW.
