REPORTING PRACTICE SUMMARY - 2019

Austria's reporting practice remained the same in its 2019 annual report.

Austria reported **Actual Numbers** and **Values** of exports of major conventional weapons. It reported in some cases **Authorized** and in other cases **Actual Numbers** and **Values** of exports of SALW.

Austria did not report imports in 2019.

**GOOD PRACTICES**

Austria reported the number and value of its exports of major conventional weapons and SALW in its 2019 report.

**ROOM FOR IMPROVEMENT**

Austria did not include the front page of the ATT reporting template with its 2019 report. It is therefore unclear why Austria has not reported on imports, or if any information has been withheld for 'commercial sensitivity/national security-related' reasons.

Austria aggregated all SALW sub-categories in its 2019 report, in some cases aggregating SALW together and in some cases reporting on small arms and light weapons separately.

**TRANSFER SUMMARY - 2019: EXPORT DATA**

- Austria reported exports to 88 countries and territories in 2019. Of these, 56 were ATT States Parties, 11 were Signatories and 14 were non-members (Azerbaijan, Bolivia, Ecuador, India, Jordan, Kenya, Kuwait, Kyrgyzstan, Oman, Qatar, Russia, Saudi Arabia, Tunisia and Turkmenistan).¹
- Austria reported the export of five major conventional weapons items: two armoured combat vehicles to Germany, two to the United Kingdom, and one to the Czech Republic, with a total value of €119,000 (US\$133,259).²
- Austria reported the export of 2,707,631 SALW items, with a total value of €180.3m (US\$201.9m).³ Austria aggregated data such that it is impossible to determine the relevant sub-categories of SALW exports.
- In terms of value, the main importers of SALW from Austria were the United States (51 per cent), Switzerland (10 per cent) and Norway (6 per cent).

**TRANSFER SUMMARY - 2019: IMPORT DATA**

- Austria did not report import data in 2019.

1 Austria also reported arms exports to seven non-UN members (Aruba, Holy See, Hong Kong, Kosovo, Macau, New Caledonia and Taiwan).

2 The total value of armoured combat vehicles reported by Austria may not reflect the actual value of these items. It is unclear why the total value reported is relatively low. Austria did not specify which currency is used for reported values of transfers. For this analysis, the ATT Monitor has assumed the currency to be euros. Currency conversion via OECD Data, reflecting 2019 annual conversion rate. <https://data.oecd.org/conversion/exchange-rates.htm>
