TRANSFER SUMMARY - 2019: EXPORT DATA
• Dominican Republic submitted a ‘nil’ report for exports in 2019.

ROOM FOR IMPROVEMENT
Dominican Republic did not indicate, by ticking the relevant box on the front page of its report, whether it had excluded some data for ‘commercial sensitivity/national security-related’ reasons, as it did in its 2018 report.

TRANSFER SUMMARY - 2019: IMPORT DATA
• Dominican Republic reported imports from eight countries in 2019. Of these, six were ATT States Parties and two were Signatories.
• Dominican Republic reported imports of 1,153 small arms items covering two categories: ‘Others (small arms) (60 per cent) and revolvers and self-loading pistols (40 per cent).
• Dominican Republic reported the import of 1,173,650 small arms items under voluntary national categories, including 1,155,000 pieces of ammunition from Italy, Spain and the United States.

Dominican Republic aggregated the final exporting countries for reported imports in most small arms and voluntary national categories and sub-categories, so it is impossible to determine how many items were imported from which specific country.
