REPORTING PRACTICE SUMMARY - 2019

Hungary's reporting changed slightly in its 2019 annual report.

Hungary reported **Actual Numbers** of major conventional weapons and small arms exports, though it did not report exports of major conventional weapons in its 2018 report.

Hungary reported **Actual Numbers** of major conventional weapons and SALW imports. It reported light weapons imports, though it did not in its 2018 report.

**GOOD PRACTICES**

Hungary provided clear, disaggregated data for each reported import and export.

Hungary provided descriptions and/or comments describing the nature of nearly all reported exports and imports.

Hungary provided full names for the countries designated as exporting or importing states after providing undefined country codes in its first three years of reporting.

**ROOM FOR IMPROVEMENT**

Hungary could indicate clearly that there were no reported exports or imports in specific weapons categories and sub-categories rather than leaving relevant sections of the reporting template blank.
