### REPORTING PRACTICE SUMMARY - 2019

Liechtenstein's reporting practice remained the same in its 2019 annual report.

Liechtenstein reported **Actual Numbers** of small arms exports and **Authorized Numbers** of small arms imports. It did not report exports or imports of major conventional weapons or light weapons.

### GOOD PRACTICES

Liechtenstein continued to provide descriptions of exports and imports and comments describing the nature of its transfers. It noted that all small arms exports and imports were non-commercial.

### ROOM FOR IMPROVEMENT

Liechtenstein could indicate clearly that there were no reported exports or imports in specific weapons categories and sub-categories rather than leaving relevant sections of the reporting template blank.

### TRANSFER SUMMARY - 2019: EXPORT DATA

- Liechtenstein reported exports to two ATT States Parties in 2019.
- Liechtenstein reported exports of 17 small arms, covering two sub-categories: 14 rifles and carbines and three revolvers and self-loading pistols.
- The importers of small arms from Liechtenstein were Austria (94 per cent) and Germany (6 per cent).
