REPORTING PRACTICE SUMMARY - 2020

Slovenia's reporting changed slightly in its 2020 annual report.

Slovenia continued to report **Actual Numbers** and **Values** of small arms exports. It did not report exports of light weapons as it did in its 2019 report, and it continued not to report exports of major conventional weapons.

Slovenia reported **Actual Numbers** and **Values** of SALW imports, after not reporting any imports of light weapons in its 2019 report. It did not report imports of major conventional weapons as it did in its 2019 report.

**GOOD PRACTICES**

Slovenia provided clear, disaggregated data for each reported import and export as well as both numbers and values of each reported transfer.

Slovenia provided descriptions of all reported exports and imports as well as comments on some transfers.

Slovenia indicated clearly that there were no reported exports or imports in specific weapons categories and sub-categories rather than leaving relevant sections of the reporting template blank.
