
Albania did not report any exports of any major conventional weapons or SALW exports.

Albania reported Actual Numbers of small arms imports, as opposed to 2020 when its report was kept confidential.
Albania reported imports from three countries. Of these, two were ATT States Parties and one was a Signatory.

Albania did not report imports of major conventional weapons.

Albania reported the import of 926 small arms, all revolvers and self-loading pistols. The main exporters were Austria (77.2 per cent), the United States (18.5 per cent) and Italy (4.3 per cent).

Albania did not specify whether any information was withheld for ‘commercial sensitivity/national security-related’ reasons.

Albania did not report exports in its 2021 annual report. Albania provided clear, disaggregated numbers for all its reported small arms imports, both by weapon sub-category and by exporting state.

Albania provided descriptions and comments describing the nature of all its reported imports.

Albania could have indicated clearly that there were no reported exports or imports in specific weapons categories and sub-categories rather than leaving relevant sections of the reporting template blank.
