REPORTING PRACTICE SUMMARY - 2022

Chile's reporting changed slightly in 2022.

Chile reported **Authorized Numbers** of SALW imports. It did not report any major conventional weapons imports.

* Report submitted before it was due.

**GOOD PRACTICES**

Chile disaggregated numbers for its SALW imports, both by weapon type and by exporting state.

Chile provided descriptions and comments for the majority of its reported imports.

**ROOM FOR IMPROVEMENT**

Chile excluded some data for 'commercial sensitivity / national security-related' reasons but did not specify where or how much information was withheld.

Chile could indicate clearly that there were no reported exports or imports in specific weapons categories and sub-categories rather than leaving relevant sections of the reporting template blank.

**TRANSFER SUMMARY - 2022: EXPORT DATA**

- Chile did not report any exports in its 2022 annual report.

**TRANSFER SUMMARY - 2022: IMPORT DATA**

- Chile reported imports from one ATT State Party and one Signatory.
- Chile reported the import of 271 SALW, covering four sub-categories.
- In terms of numbers, the majority of these were rifles and carbines (40.6 per cent), revolvers and self-loading pistols (39.9 per cent) and rifles and carbines (18.5 per cent).
- The exporters of SALW to Chile were the United States (60.1 per cent) and Austria (39.9 per cent).
